PS540

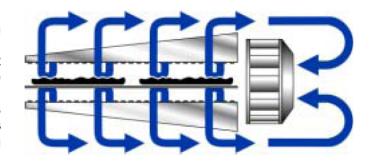

Direct Gas Fired Conveyor Oven

Item No.:

Principle

Middleby Marshall PS Series Conveyor ovens bake both faster and at a lower temperature than other ovens. Patented vertical columns of hot air move heat aerodynamically instead of using high temperatures. The streams of hot air remove the boundary layers of cool, heavy air which tend to insulate the product. This gives very rapid baking without burning. All Middleby ovens are designed to cook a multitude of products including pizza, seafood, bagels, ethnic foods and more.

General Information

The PS540 conveyor oven is ideally suited for mediumduty restaurant needs. The oven can cook a wide variety of food products, including pizza, seafood and bagels.

Standard Features

- Stackable up to three oven cavities high
- Impingement PLUS! dual air return
- EMS Energy Management System* reduces gas consumption and increases cooking efficiency
- 40"/1016mm long cooking chamber
- 32"/813mm-wide, 76½"/1943mm long conveyor belt
- Stackable up to three units high
- Patented "Jet Sweep" impingement process delivers constant heat to the cooking chamber
- · Microprocessor-controlled bake time/conveyor speed
- Customer-specific adjustable jet fingers allow control of heat delivery
- Stainless steel front, sides and top
- Front-loading window with cool handle
- Reversible conveyor direction

Optional Features

- Split belt two 15"/381mm belts with individually-adjustable speed settings
- Lower shelf
- Adjustable legs (replace casters)

Conserves Energy

Middleby ovens provide very efficient heat transfer to the product. Energy is conserved as air is recycled from heater to product, with minimum vent loss.

Cleanability

PS540 ovens are designed for easy cleaning. Removable parts include: crumb pans, end panels, air fingers and conveyor belt assembly.

Easily Serviced

Control compartment is designed for quick and easy access.

Warranty

All PS540 models have a one year parts and labor warranty. Oven start-up and demonstration are included at no additional charge (USA only).

Ventilation

For installation under a ventilation hood only.

- * Patent pending
- * Photos show ovens equipped with casters. Adjustable feet are used on CE-approved units and are optional on all versions.

1400 Toastmaster Drive Elgin, Illinois 60120 USA (847) 741-3300 Fax: (847) 741-0015 www.middleby.com

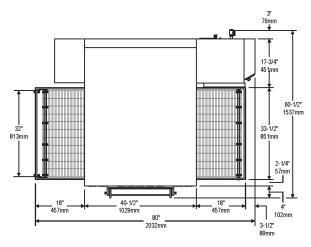

PS540 Series Direct Gas Fired Conveyor Oven

NOTE: Drawings show ovens equipped with casters. CE-approved units use adjustable feet instead of casters.

PS540-1

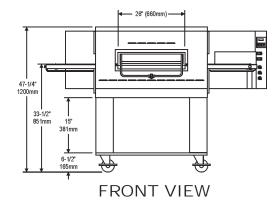

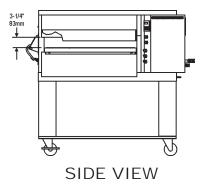

TOP VIEW

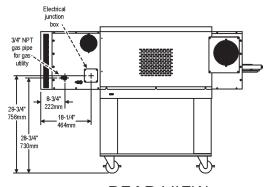

NOTE: All drawings show ovens equipped with casters. Adjustable feet that replace the casters are available as an option. CE-approved ovens require the use of adjustable feet.

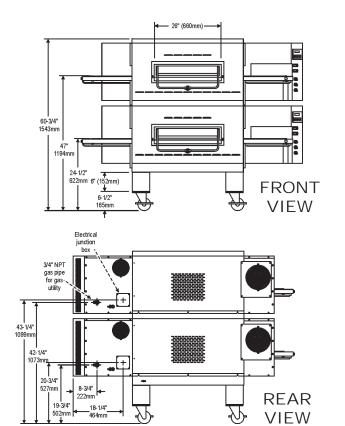

NOTE: PS540-1 single oven is shown with the optional lower shelf. Use of the shelf does not affect total height of the unit.

The required gas supply pressures of other locations are dependent on the local gas type and on all applicable local codes.

Minimum Gas Pipe Sizes:

- Natural Gas 2" (51mm) main supply line. One 3/4" (19mm) NPT branch per oven cavity with individual full-flow shutoff valve.
- Propane Gas 1-1/2" (38mm) main supply line. One 3/4" (19mm) NPT branch per oven cavity with individual full-flow shutoff valve.
